

November 2018 Message from HGCAA President – Van Mayorga

Our October meeting at Anixter West went very well. We pretty much had a full house. I'd like to thank Anixter for the gracious accommodations and providing great food. Please remember, our associate members support us, so please support them.

Our guest speaker was Henry Munoz with Velocity CAD. He spoke about how and why he started his own company and the design services his company offers. Velocity has QR codes that make plans, calculations, and product specification data readily available. Henry also shared his jurisdictional knowledge for code and submission requirements.

Our next meeting is Thursday, November 8th at ADI on Pinemont. We are expecting another great speaker. John Doyle, sales manager for Perennial Software, makers of Sedona Office and Alarm Biller, will be here to help us work smarter and not harder.

Remember, if you're not coming to the meetings, you're missing out on CEU's, great speakers and lots of inside information.

I look forward to serving you as President. I welcome any issues for discussion or suggestions for improving this association. Contact me anytime at president@hgcaa.org

A handwritten signature in black ink, appearing to read 'V. Mayorga', written in a cursive style.

Van Mayorga,
HGCAA President
