Online License Renewal

Fire Alarm Firm (ACR) registration renewals and Fire Alarm Technician (FAL) license renewals are now available online. **At this time only these two renewal types will be available.** Other registration and license type renewals will be available as they are developed by Vertafore. Initial applications will be developed after renewals for all license/registration types have been created and system workflows have been ironed out.

Instructions for online renewal have been posted on the SFMO website and are available on the Alarm Guides forms page at <http://www.tdi.texas.gov/forms/form18alarmguide.html>.

To take advantage of online registration, go to the Compliance Express website at <https://www.sircon.com/products/renew.jsp>.
